DETAILED ACTION

Election/Restrictions

1. Applicant's election with traverse of the species of claims 2, 3, 5, 6-19, 21, 24 and 27 in the reply filed on 2/28/06 is acknowledged. The traversal is on the ground(s) that a specific colorant or aqueous medium would not be functional. Any specific colorant for any selected color could be utilized. Either water alone or water diluted by an organic solvent may be utilized. This is not found persuasive because.

The requirement is still deemed proper and is therefore made FINAL. Claims 1 and 20 are withdrawn from consideration.

Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 5 and 6 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

3. Claims 5 and 6 recite the limitation " the organic solvent" in lines 1 or 2. There is insufficient antecedent basis for this limitation in the claim.

4. No anticipatory art has been found. Applicant is reminded of his duty to disclose any art he finds to be relevant to the examination of this application. Claims 2, 3, 7-19, 21, 24 and 27 are allowed.
